ROAD: EXPOSITION

Fine Motor Auction

Why let those rubes in Pebble Beach have all the fun? The best in luxury motor collecting comes to Gotham when New York hosts the Rand/Workman Fine Motor Auction & Luxury Lifestyle Expo. During the weekend of September 9-10, the highest bidder can take home treasures of automotive history including a 1958 MGA Coupe, above, a 1933 Rolls-Royce Phantom II Town Car, and one of five Batmobiles produced for *Batman Returns*. If the prices for these metal masterpieces going under the gavel give you vertigo, you can always test drive a Maybach, join a wine tasting, or puff on premium cigars. It promises to be a test drive on living the high-life. — PHILIPPE VON BORRIES
